Caravelle Support Suite with Armrests and Nurse Call Button

Vitreous China 4.5/3 litre Close Coupled Toilet Suite

Caravelle Support with Armrests and Nurse Call Button

Right hand Nurse Call Button version shown above.

The **Caravelle Support Easy Height** suite with integrated **Nurse Call Armrests** is designed for mobility, featuring an integrated back rest into the vitreous china cistern design and the additional pan height so less bending is required to reach the seat. Integrated armrests and nurse call button provide additional transfer assistance and allow easy patient access to nurse assistance without the potential danger of reaching around to the wall. For more information refer to www.caroma.com.au. (Refer to chapter 3 for complete information on the Caravelle Support Close Coupled Suite.) **Note:** The armrests are not required or suitable for AS1428.1 installations.

Pan/Suite: Caravelle Support Close Coupled Toilet Suite - (see chapter 3 for full suite details.)

Installation: Armrest integrated into toilet suite design. The armrest bracket bolts onto the pan under the cistern and seat platform - No structural wall installation work required.

- Features:**
- Fully integrated Nurse Call Button (located to the side of armrest to minimise unintentional triggers, wet environment IP56 rating, easy to service and maintain, LED response light).
 - Includes integrated stainless steel armrests (load tested to 160kg, no structural wall required for install, inbuilt safety locking mechanism, includes toilet roll holder and nurse call button on left or right arm).
 - Raised height ideal for the elderly or people with restricted movement.
 - S-trap only.
 - Includes patented Orbital® Connector that extends to any position up to a 50mm radius.
 - Pan vertical load tested in excess of Australian Standards requirement of 400kg.
 - Bottom Inlet Cistern specially designed to act as a backrest (weight loading of up to 110kg).
 - Fully glazed cistern and pan for hygiene control and easy cleaning.
 - WELS 4 star rated, 4.5/3L.
 - Includes vandal resistant kit for cistern lid.

Colour: Stainless steel with white armrest pad and nurse call button.

Seat: **Caravelle Care** seat supplied; available in Caroma White (W), Sorrento Blue (SB) and Anthracite Grey (AG).

Dimensions: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
