

# Liano Nexus 600 Shelf Wall Basin

## Ceramic Shelf Wall Basin

**Basin Size:** 600mm x 450mm (nominal).

**Basin Capacity:** 5.5 litres to overflow.

The **Liano Nexus 600** shelf wall basin is available with an integrated shelf on the right hand side, and is part of an extensive range of co-ordinated basins that allows continuity of design throughout the project where basins of matching design for different applications are required. The design offers clean lines incorporating a built in shelf space alleviating the need for separate shelving. Available with optional shroud, this basin is suitable for domestic, commercial and ♿ accessible applications.

**Tap Holes:** Basin available in no taphole and one taphole (centre) options.

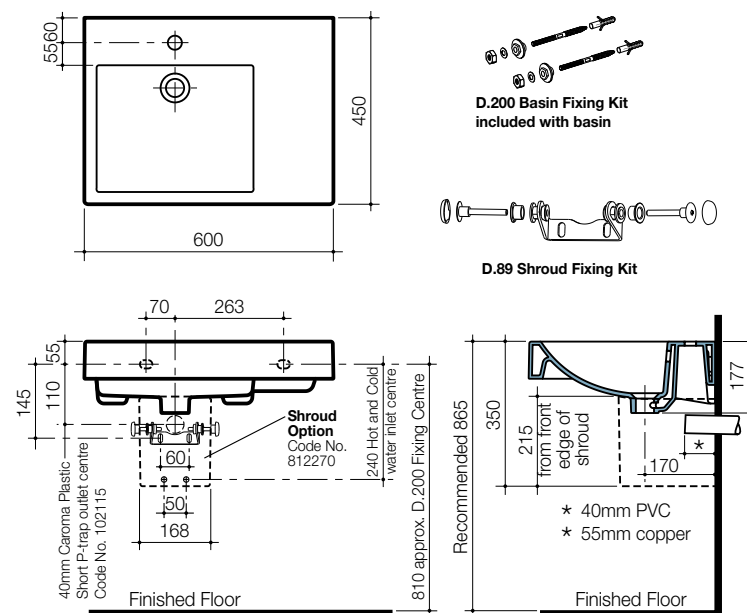

**Shroud:** Optional Liano Nexus Shroud, Code No.812270 completely conceals P-trap waste pipe fittings, concealed fixing bracket supplied. 40mm Caroma short plastic P-trap is required for correct installation Code No.102115. **Note:** It is essential for the installation of the shroud to the basin that clearance is provided for the shroud in the plumbing setout from water inlet pipes and connections.

**Overflow:** Overflow available only. Designed for maximum tap flow rate of 15 litres/minute.

**Fixing:** **D.200 Basin Fixing Kit** (supplied) – bolts directly to finished wall. (Refer to installation instructions).

**Installation:** Refer to *Important Information for Plumbers* section.

**Colours:** White only.

Supplied with chrome flush fitting waste.
