

Liano Easy Height Invisi II

4.5/3 litre Dual Flush Toilet Suite with Liano Easy Height Wall Faced Box Rim Vitreous China Pan and Invisi II Cistern for Inwall, Under Counter, Induct or Inceiling applications

Liano Easy Height Invisi II

4.5/3 litre Dual Flush Toilet Suite with Liano Easy Height Vitreous China Wall Faced Pan and Invisi II Cistern for Inwall, Under Counter, Induct or Inceiling applications

A sharp, symmetrical designed wall faced easy height concealed toilet suite comprises the **Liano Easy Height** pan and trusted Caroma **Invisi II** cistern. The suite is targeted for use in commercial applications where a pan height of 435mm is required for ambulant compliance, but it is also suitable for domestic applications. The pan connection system includes the patented Caroma Uni-Orbital® Connector and adjustable flush pipe for increased installation flexibility. The Caroma Uni-Orbital® connector extends to any position in a 50mm radius, unlike traditional connectors that only move backwards and forwards. The setout range is from 60mm – 165mm with a recommended setout of 90mm. The adjustable flush pipe is a new feature for the Invisi II system. If the pan inlet hole is higher than the flush pipe due to floor tiling height variations, the flush pipe can be raised by up to 25mm. The smooth sided pan is available in both standard and easy height models and with the great looking thin lid, soft close seat with quick release. Choose from a variety of buttons from the Caroma range to complete your desired look.

- Pan:** Liano Easy Height back inlet 4.5 litre wall faced pan
- Traps:** Universal trap for S or P-trap installations.
- Inlet:** 50mm back inlet for concealed cistern and flushvalve installation.
